Sailing & Snorkeling Tour

We have 2 different spots for snorkeling in Ganh Dau, depending of the weather :

- **The Cap** : This is the closest point to the Cambodian islands, the view is amazing, there are beautiful corals and unique rock formations from which we can have a jump into the water.
- **The Monkey Beach** : A very quiet place where often monkeys can be seen in the trees. There are many huge corals and tropical fishes. This location is recommended for the children.
